## DURABLE AND RELIABLE

max 400Wh capacity, features a handle for easy and convenient carry or transportation, an aluminum alloy shell and built in input/output ports with sturdy plastic make it safer and smoother to run.

## SAFETY & LCD POWER DISPLAY

Built in Samsung lithium ion battery cell. LCD battery display indicate the remaining capacity, charge, discharge and failure status. Once it is fully charged, all battery segments will be lit and remain solid. It will stop charging battery by the built in advanced system control circuit module.

## MULTIFUNCTIONAL

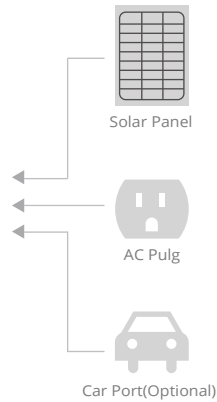

Can power any USB/5V, DC/12V and AC appliance under 220Wh anywhere. Widely used for indoor or outdoor such as family, office, travel, camping, etc.

## VERSATILE OUTPUT

4 USB ports to charge electronic devices/300W pure sine AC inverters for home electronics charging with low losses/2 DC Ports for lighting/1 cigarette lighter socket for mini fridge/air compressor/1 jump starter port for 12V 4L gas car

## RECHARGING OPTIONS

Easily powered from AC wall Outlet, DC car charger or compatible solar panel (Input Voltage must be 14V~40V, like 18V, 36V, etc. Especially recommend the ACOPower Foldable Solar Panel 100W)
